WINBAG
-pump it up...!

Our vision is to create a better everyday life for window installers across the UK. We believe that our customers deserve support from the beginning to the end of each project, and not just at the point they purchase the materials they need.

Stevenswood are a dedicated uPVC and aluminium window, door, glass, conservatory and accessory trade supplier, established in 1997. We have trade counters across the UK, from Inverness to Gosport and everywhere in between, all with back-up from the country's leading fabricators. The combination of our product choice, customer service, unrivalled support and competitive prices help our trade customers sell smarter, install easier and make more profit on each job.

PRODUCT... Our product range is extensive, and we're proactive in adapting to market demands. We can easily add brands to our ever-growing product range, offering the biggest portfolio of products in the UK. Leading brands available at our trade counters include **REHAU, VEKA, HALO, EUROCELL, SOLIDOR** and **VIRTUOSO** as well as various roofing options including **GLOBAL, ATLAS, ULTRAFRAME** and **SUPALITE, REAL** aluminium, plus **SOUDAL, RAPIERSTAR, ILLBRUCK, SWISH, MANTHORPE, CLEAR AMBER & MANY MORE.**

SERVICE... **FREE** skips, **FREE** delivery, fast turnaround and technical advice are just some of our standard offerings. As well as this, we have a dedicated branch service team who are easily accessible by phone or email. From quoting to delivering, our perfected internal systems are designed to make your job simple and easy.

MARKETING SUPPORT... Our **FREE** bespoke marketing service means that with every order you place over £150 you will receive 1 brochure, 10 dropcards and 1 maintenance guide and guarantee (available on the purchase of windows, doors or roofs only). These are all bespoke to your business, designed with your company logo, and contact details on. This service helps your business look more professional and win more orders.

PRICE... Homeowners are looking harder than ever to find a good product at a sensible price. Bulk ordering from our suppliers gives us the buying power to negotiate high discounts. This gives our customers the best prices around for trade windows and doors, plus the service and backup that comes from our trade counters.

In this guide, you will find a list of all the ancillary products available. All items are available from each of our trade counters, and are extremely competitively priced. We want to make life easier for our customers, and ensure that Stevenswood really are a one-stop shop.

Thank you for your business - we look forward to continuing to support you!

SP510 is suitable for long term elastic sealing of window and door perimeter joints and movement joints between construction components. It can be used for indoor and outdoor applications and is compatible with metals and most construction materials. This very low emission sealant offers price stability in an ever changing market.

Illbruck SP510

- Easy to tool
- Free from isocyanate's, silicone & solvents
- Low slump
- Can be painted over
- Cost effective

DON'T FORGET TO BUY YOUR DOORS FROM US!

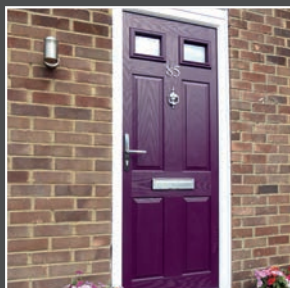

EVERY COMPOSITE DOOR FROM
STEVENSWOOD COMES WITH AN
ULTION CYLINDER AS STANDARD

VIRTUOSO

ULTION ***

We supply a wide selection of composite doors from GRP to solid timber core composite doors. We've also recently introduced the first composite door in the UK market with an aluminium outer frame. All of these options to appeal to a range of budgets and tastes. Our doors are easy to fit and are a great alternative to standard uPVC residential doors. If your homeowner is looking to increase energy efficiency and security, a composite door should be recommended.

Glazing Sheets

Multiwall Glazing

Corrugated Roofing Sheets

Self-Supporting Glazing Bars

Glazing Bars

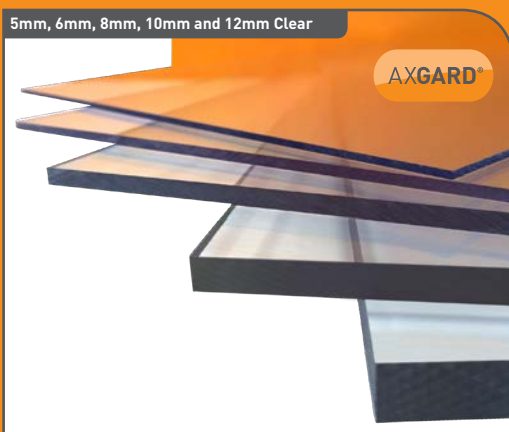

Glazing Sheets : Clear

AXGARD® Clear sheets are an incredibly versatile glazing solution.

The AXGARD® UV protection on both sides means they are perfectly suited for internal and external applications.

The resin we use to manufacture AXGARD® means that these glazing sheets are 200 times the impact strength of glass of the same thickness and therefore classed as virtually unbreakable. The AXGARD® sheets can be cut to your exact sizes for no extra charge, and can also easily cut to size on site with a fine tooth jigsaw or similar tool.

5mm, 6mm, 8mm, 10mm and 12mm Clear

	Length	Standard Sheet Sizes: AXGARD® 3mm Clear

Corrugated Clear Roofing Sheets

Corrugated clear roofing sheet has been on the market for many years, but has often had a bad reputation due to fast yellowing and a resulting brittleness causing cracks and holes to appear very quickly; this is not the case with CORRAPOL®-Stormproof. CORRAPOL®-Stormproof sheet is extruded from a virtually unbreakable form of resin which offers superior strength, excellent clarity and above all unrivalled weathering characteristics resulting in a very long life span. The UV protection layer on CORRAPOL® keeps the sheet looking great, retains its incredible strength, and allows a very high light transmission.

	Dimensions	CORRAPOL® Sheet Sizes (mm)

Bitumen Corrugated : Roofing Sheets

CORRAPOL®-BT

Corrugated Bitumen roofing sheets have been used for many years for roofing applications on outbuilding, sheds, log stores and similar applications. CORRAPOL®-BT is available in four colours; black, green, brown and red. The CORRAPOL®-BT sheets simply overlap on width and length to reduce the need for cutting end sheets.

Sheet Style	Product Codes
Corrugated Sheets (930mm x 2000mm)	AC110BL, AC110GR, AC110RE, AC110BR

Aluminium Self-Supporting Bars

ALUKAP®-SS is manufactured in two bar types. The ALUKAP®-SS low profile bar spans up to 3m unsupported projection, whereas the ALUKAP®-SS high span bar has an incredible span of up to 5m-6m depending on spacings, pitch and location etc. Both ALUKAP®-SS bars will glaze roof sheets of any thickness. Standard Colours are White RAL 9010 and Brown RAL 8040.

ALUKAP®-SS can be manufactured in any RAL colour.

ALUKAP®-SS

ALUKAP®-SS is a robust Self-Supporting glazing bar system, manufactured entirely from powder-coated aluminium extrusions that withstand the toughest and most challenging environments. ALUKAP®-SS is extruded to deliver a high structural spanning strength, providing the ultimate glazing bar system for commercial, residential or public building structures and canopies. Additionally, ALUKAP®-SS is designed to work well with AXIOME® polycarbonate sheet, single glass glazing and double glazed units.

Glazing Bars : Snap-Fix Glazing Bars

SNAPA® Glazing bars are unique budget level glazing bars for where project costs are limited. The SNAPA® Standard Centre bars, and SNAPA® Gable bar options provide quick and easy solutions for rapid roof glazing.

SNAPA® : Typical Roof Component Assembly Example

SNAPA® Rafter Supported Lean-to

SNAPA®

SNAPA® Glazing Bars provide a simple cost-effective rafter-top glazing bar solution. SNAPA® glazing bar works well with 10mm, 16mm, 25mm, 32mm and 35mm AXIOME® multiwall or other polycarbonate sheet. Whilst SNAPA® bars are ideal for smaller DIY type projects, where greater longevity of strength are required, ALUKAP®-XR glazing bars are recommended.

AXIOME® will be supplied with a filter tape for the top and bottom which should then be closed off using the ALUKAP®-XR Endstop Bar range for 10mm, 16mm, 25mm and 35mm. Centre point fixing for AXIOME® sheets is simple using the ALUKAP®-XR Fixing Buttons shown below.
