Windows.

At REHAU we engineer progress and are dedicated to enhancing the lives of our customers throughout the UK. Together we redefine what's possible every day as the world's leading company in polymer solutions and beyond.

**Reinvented for
modern life.**

Designed for perfection

The Rio flush fit window combines the realistic look and feel of timber, with all the benefits of PVCu. REHAU is proud to bring this modern design to you and your customers.

Created to offer competitive advantage to all fabricators and installers, Rio flush fit provides a solution that challenges traditional timber options. With TOTAL70 compatibility, tool investment and additional stock holding is kept to a minimum, and can seamlessly be introduced into production. The TOTAL70 compatibility factor truly enables installers to fit and forget due to familiarity and ease of installation.

Attention to detail

The Rio flush fit features clean lines and a true finish in order to ensure minimalist impact on the property's exterior. A variety of styled hardware and fittings are available to guarantee consistency with the look of any building.

Available in both chamfered and sculptured frame options, Rio can suit any installation. The Rio flush fit french window has a hidden dummy mullion end cap which is over moulded with a gasket for a more seamless finish.

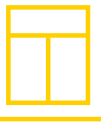

The detailed external chamfer on the sash allows for softer aesthetics and is in line with the REHAU Heritage vertical slider. It also utilises the Heritage bead for a low level sight line. REHAU Heritage georgian bars can be used to provide a chamfered finish outside and sculpture inside for that traditional look.

Window styles

Choose from a **wide range of styles**, including the popular casement window and many other options to suit your home.

your home

Flush Fit

When it comes to design features and sophisticated styling, the **Rio flush fit window** is in a class of its own.

As with all REHAU windows, safety, security and longevity of your windows is paramount. Your Rio flush fit windows benefit from enhanced noise reduction, energy efficiency and are easy to maintain, keeping your windows looking good throughout their lifetime.

Joint - Outside

Joint - Inside

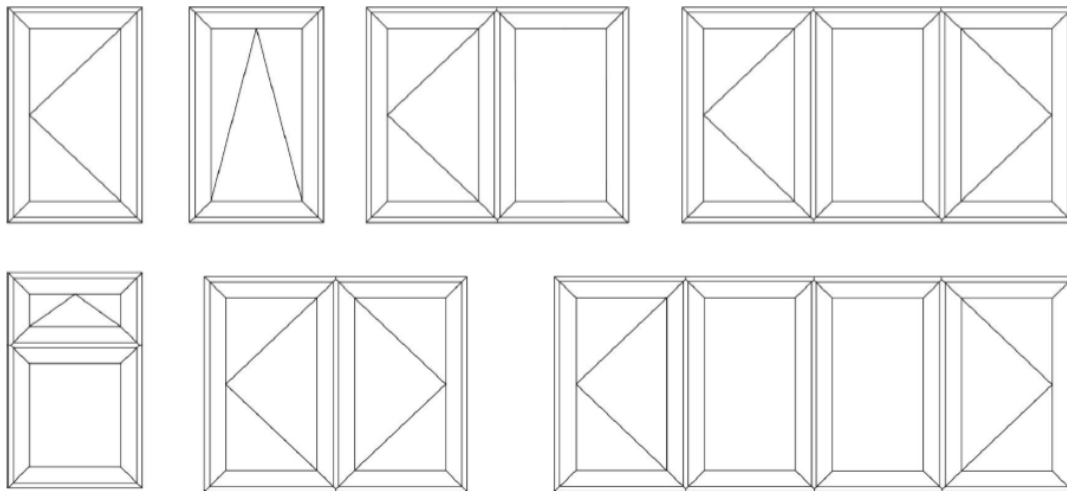

The windows have been specifically designed so that the opening sash of your window sits flush with the outer frame, giving a unique sleek and seamless appearance.

Not only does the Rio flush fit window authentically replicate the features of a traditional timber window, it also compliments more modern homes perfectly with clear lines and minimalist appearance.

Flush Fit Styles

'A' Energy efficiency rating

Choosing Rio helps your home to become more efficient and save money on your heating bills.

Noise reduction

Every one needs a good nights sleep and Rio offers exceptional noise reduction.

Virtually maintenance free

Timber windows require annual maintenance to ensure they are kept looking good - with Rio you can spend more time with your family.

Enhanced Security

Rio windows are PAS24 security accredited which gives you an added level of security to your home and family.

Weather Performance

Independently tested, Rio achieves the highest BSI ratings for wind, water and air protecting your home from the elements.

Utilising a Fully-welded joint the stylish and elegant Rio flush fit creates an inspired modern look, creating a seamless alternative to aluminium as well as authentically replicating features of a traditional timber window, without compromising the care and attention that you have already given to your home.

Sustainability

As a manufacturer, REHAU is conscious of the impact their actions have on people and the environment. The use of recycled materials is one of REHAU's strategic objectives and we are committed in supporting that objective by leading change in attitudes and accessibility of recycling.

In 2014, recycling business PVCr Ltd was welcomed into the REHAU group and has since benefited from significant investment in its recycling equipment. This has enabled the processing of over 13,000 tonnes of post-consumer windows and doors per year.
